OCH29 - OCHO RIOS & DUNN'S RIVER FALLS - LUNCH INCLUDED

ACTIVE & ADVENTURE

Time to leave the ship and instead visit one of Jamaica's premiere attractions, the gorgeous Dunns River Falls near Ocho Rios, which you'll reach after a scenic drive. A plaque provided by the Jamaican Historical Society marks the spot as the site of the battle of Las Chorreras, fought by the English and the Spanish over land rights in 1657 with the English as the victors. The land was ultimately acquired by the Jamaican government in 1972, since which time it has served locals and visitors alike as a popular recreational area and park. The spring water that feeds the falls is rich in calcium carbonate, which results in deposits of travertine and makes the falls a self-regenerating living phenomenon. After a drive to the Dunns River, your guide will lead you up the naturally terraced river bed as part of a human chain. The climb includes a short pause at the so-called massage parlour, where the cascading water can soothe tired shoulders. As an alternative to the climb, there are safe spots from which to watch the others ascend the falls. Next up is a tasty Jamaican buffet lunch by the sea, after which a sightseeing drive around Ocho Rios rounds off the tour before you return to the ship. Please note: guests are recommended to wear swimwear under comfortable clothing, high-factor sunscreen and to bring a towel plus a change of clothing if swimwear is not worn at the waterfall. Slip-proof or water shoes should be worn since climbing the falls many terraced steps is both strenuous and very slippery. Guests wishing to climb the falls must be at least 92 cm/3 ft. in height. Guests will not be permitted to jump from the falls.

OCH39 - ISLAND SIGHTSEEING & GREEN GROTTO CAVES

NATURAL WONDERS

Take a scenic drive through the town of Ocho Rios, which is known for its abundant rainfall, verdant landscapes and rolling hills. Other outstanding vistas will be seen along the way, as you travel to Green Grotto Caves, for a touch of adventure and a journey into the underground. The caves are situated no more than 1 km from the spot where Christopher Columbus landed in 1494 and the fact that Runaway Caves numbers among their many former names is testament to one of the uses to which they were put in the 18th century. The caverns also provided sanctuary for the Spanish in the 17th century, later facilitated the activities of arms smugglers and were then used to store rum. Impressive dripstone formations such as stalactites and stalagmites, interconnected passages leading to larger chambers and the grotto itself with a pool of crystal-clear water are just some of the attractions that go to make this place so special. On your way back to the surface, a stop will be made at the so-called Wishing Well, a pool into which you'll do well to throw a coin, for luck, for love, for anything your heart desires. Once you return the surface, the coach will be waiting to take you back to your ship in Ocho Rios. Please note: this tour is considered to be unsuitable for guests with mobility problems.

OCH55 - KONOKO FALLS & MURPHY HILL FARM TOUR: A MARTHA STEWART TOUR

SOMETHING
SPECIAL

Experience Jamaica's nature at its fullest on this waterfall hike and gastronomic farm tour. Wear your swimsuit and bring a towel. Arriving from the port to Konoko Falls & Gardens, you'll be guided through river gardens with streams tumbling into gentle waterfalls, as you hike 30-minutes up the limestone rock formation from the base of the 600-foot falls that stem from the Milford River, which feeds 2 million gallons of water a day to Ocho Rios. Continuing through Konoko's botanical gardens and zoo, you'll be introduced to a wide array of endemic animals and tropical plants with different aromas emanating from sinuously shaped flowers of various colors. Yssasi Lookout Point offers a spectacular bird's eye view of Ocho Rios and the bay below, including the ship at port, while Konoko's on-site museum traces the history and culture of Jamaica's original inhabitants, the Taino Indians. After leaving Konoko Falls, a scenic 30-minute drive through the countryside and hills of Claremont brings you to Murphy Hill Farm, the latest passion of owner Anna-Kay Tomlinson, the well-regarded Jamaican chef and owner of Miss T's Kitchen Restaurant in Ocho Rios. "This is me," she says, eyeing the fields of cabbage and carrots and pointing to where the Scotch bonnet peppers and scallions will be planted. The idyllic farm setting, located some 1,800 feet above sea level at the highest point above Ocho Rios, offers spectacular views of the town and Caribbean below. In this farm-to-table experience, guests will walk through gardens, reaping a variety of organic seasonal vegetables and herbs that will be used to prepare a sumptuous buffet lunch cooked in the farm's open kitchen and restaurant. If that doesn't whet your appetite, some of Miss T's dishes should do the trick, such as jerk chicken pasta with sundried tomatoes and crispy cassava sticks; crispy panko crusted fish fillet in a coconut sauce served with peas and rice; smoked goat with local curries; and escovitch ackee with pickled onions, carrots, scotch bonnet peppers, pimento and coconut steamed bammy. OCH34 - DUNN'S RIVER FALLS EXPRESS

**ACTIVE &
ADVENTURE**

Leave the ship for a while and instead venture out to one of Jamaica's most popular natural wonders, the Dunn's River Falls near Ocho Rios, which you'll reach by coach. The waterfall is fed by spring water with a high concentration of calcium carbonate, which in turn leaves deposits of a rock called travertine. As a result, the falls count as a living and growing phenomenon. Once at the falls and following a safety briefing, you'll form a human chain and be led up the naturally terraced river bed by your experienced guide. Then enjoy a stop at the so-called massage parlour and experience the soothing effect of the cascading water on its way to the sea. For a more leisurely look at the falls, you can also spend the time comfortably seated on the terrace or deck and simply watch the proceedings. The surrounding forest, by contrast, provides the perfect setting for a walk through tropical vegetation including ferns, bamboo, ginger lilies, orchids, palms and breadfruit trees. Your return to the ship finally brings the tour to an end. Please note: guests are recommended to bring a towel as well as to wear high-factor sunscreen, swimwear and non-skid water shoes, since climbing the many steps of the falls is both strenuous and slippery. Water shoes are available for hire at the waterfall. Guests wishing to climb the falls must be at least 92 cm/3 ft. in height. Guests will not be permitted to jump from the falls.

GCA30 - REEF & WRECK SNORKEL

SEA & SUN

Take yourself off the ship for half a day to discover two of the Cayman Islands' best snorkelling sites, the first of which will be at the wreck of the USS Kittiwake. This former US Navy submarine rescue vessel was in service from 1946 right up to 1994, and then - in 2009 - was deliberately sunk at its present location off Seven Mile Beach to provide an artificial reef for local marine wildlife. While you snorkel around the 251 ft./76.5 m wreck, you'll be able to see its main decks, look down smokestacks and catch glimpses of the ship's hull and engine room. Next up is the so-called Cheeseburger Reef - a name that comes from a nearby outlet of a global fast-food brand - where a natural reef system can be enjoyed. At a depth of about 25 ft./7.6 m, you'll be able to snorkel to your heart's content. Finally and time permitting, the outing is rounded off with time to do some shopping in the centre of George Town before you return to the ship. Please note: guests must be at least 5 years of age to take part. Sightings of marine wildlife are common, but cannot be guaranteed.

A quick stop will be made at the Governor's Residence, the official home of the Governor of the Cayman islands, after which you will head for the island's famous Sea Turtle Farm, the only one of its kind in the world. Founded in 1968, the research centre has since played a vital role in the protection and conservation of these endangered sea creatures, some of which can weigh as much as 600 lbs. Your visit will give you a chance to see various species of turtle and Cayman iguanas, hold a turtle in your hands, take photos and explore the gift shop for a fitting memento. Your next stop will be at the Tortuga Rum Cake factory, where you can sample the world-famous "Tortuga rum cake", before you make your way to Hell. This hilariously named Cayman town is the perfect spot from which to send postcards, aptly postmarked "Mailed from Hell". And you'll earn the right to rightfully claim that you've "been to Hell and back". Your return drive to Georgetown brings the tour to a close. GCA50 - DOLPHIN SWIM & SEVEN MILE BEACH

NATURAL
WONDERS

Some islands have all the luck: endless sunshine, friendly locals, gorgeous scenery, pristine beaches and just as though that wasn't enough even dolphins swimming in their coastal waters. One such is Grand Cayman and this tour will see you both swim with dolphins and visit its longest beach. Your outing begins with a drive from Georgetown to the Dolphin Cove facility. Next, you'll head down to the natural lagoon for a briefing before you get to play with, touch and ride belly-to-belly with the dolphins. On-site photographers will be busy with their cameras while you are in the water, creating lasting memories of a special experience. After your swim, you may like to purchase some photos and browse for souvenirs while waiting for your transfer down to Seven Mile Beach. This swathe of white sand very nearly does what it says on the tin and actually stretches out over some 6 miles, or roughly 10 kilometres. You'll be dropped at a spot chosen with your comfort in mind, with food and drink on sale and beach chairs for hire (at additional cost not covered by the price of the tour). There'll be sufficient time for you to enjoy all the beach has to offer before you head back to the pier and your ship. Please note: the order in which the tour is run may be reversed. Guests must be strong swimmers and at least 8 years of age to take part. GCA51 - DOLPHIN ENCOUNTER & SEVEN MILE BEACH

NATURAL
WONDERS

Family-friendly and ideal even for young children and novice swimmers, this sister tour to GCA50 is open to all comers, regardless of their age. The excursion combines time with dolphins and a visit to the island's longest beach. To start with, a short drive will take you from Georgetown up to the Dolphin Cove centre. Then you'll head down to the natural lagoon, the site of your dolphin encounter, for an initial briefing. You'll find the lagoon features a special submerged platform, enabling you to stand in waist-high water while you interact with the lovable marine mammals. Photographers will remain on hand to capture your special dolphin moments on film, with photos available for purchase when the encounter comes to an end. Moving on, Grand Cayman's Seven Mile Beach is next, a long ribbon of the softest sand that is actually about a mile short of its advertised length. Food and drink can be purchased and beach chairs hired (at additional cost not covered by the price of the tour), so that your creature comforts will be well looked after. Time will then be yours to enjoy the gorgeous surroundings before the tour ends with your return to the ship. Please note: the order in which the tour is run may be reversed. The tour is designed for guests who feel less comfortable in the water and children under 8 years of age. For reasons of safety, all children under 5 years of age must be accompanied by a paying adult (ratio: 1 child per adult) throughout the tour and under their constant supervision at all times; in such an event, the paying adult will also be required to sign a waiver prior to departure. CMY06 - CHACCHOBEN MAYAN RUINS

**CULTURE AND
HISTORY**

The dawn of the once highly developed Mayan civilisation can be traced back to around 2,000 B.C. and many of their amazing architectural structures can still be visited in Mexico to this date. In around A.D. 700, these clever people built the pilgrimage site of Chacchoben, your destination on this half-day tour. After meeting your bilingual guide, you'll head inland on an air-conditioned coach with information on the site and the Mayans provided during the ride. On arrival, your guide will show you around the site, explaining the purpose of the various structures. Amazingly, one of the pyramids still features some original red paint on its stucco walls, while a mural depicting the astronomical positions of planet Venus has stood the test of time in one of the temples. For those of an energetic disposition, there'll also be time to climb some of Chacchoben's tallest structures: the imposing Gran Basamento, a place where archaeologists found remains of ceremonial offerings dating back to 1,000 B.C.. The highest point of the temple sits above the tree canopy and affords eminently photo-worthy views. You'll also get to find out a little about the area's diverse wildlife and Mayan medicinal plants, which continue to be used to this day. A complimentary bottle of water is also included in your excursion and the relaxing return drive to your ship at the Costa Maya brings your tour to a close. Please note: the price of the tour excludes the cost of any additional soft drinks, crisps or biscuits that guests may purchase at the archaeological site. As the tour involves longer periods of walking over uneven ground and some climbing, it is considered to be unsuitable for guests with mobility problems. About 10-15 minutes will be allocated for guests to make purchases at the market inside the archaeological site. A government-imposed fee of approx. US\$5 is payable by guests wishing to use video equipment (including mobile phones) at the archaeological site.

CMY28 - KOHUNLICH MAYAN RUINS

CULTURE AND HISTORY

Situated on the Yucatán Peninsula and one of Mexico's absolute must-sees is the archaeological site of Kohunlich, a terraced city built by the Mayans between approx. A.D. 250 and A.D. 600. The site's unusual-sounding name is derived from the English name of the cohune palm, a common sight in the area. Your tour of cultural discovery begins with an air-conditioned coach ride, during which a bilingual guide will entertain you with information on the Mayan remains ahead. At the site itself, you'll be escorted through the park-like setting of the historical complex, whose highlights include a sunken palace, an acropolis, courtyards and even an ancient ceremonial ball field. But the site's main attraction is undoubtedly the Temple of the Masks, dedicated to the Mayan sun god KinichAhau. Although the oversized stucco masks on either side of the temple's central staircase are easy enough to see from the ground, you'll have to climb up the pyramid-like structure to get a closer look. Parts of the stucco - which dates back to earlier than A.D. 500 - still retain some of their original colour. With memories of the beautifully secluded Kohunlich fresh in your mind, you'll then get to enjoy a light packed lunch on the coach journey back to the Costa Maya and your ship. Please note: the tour involves a 2-hour coach drive each way without a comfort stop; guests are therefore recommended to use the facilities prior to departure. As the tour involves longer periods of walking on uneven ground, guests are requested to take extra care. The tour is considered to be unsuitable for guests with mobility problems or using a wheelchair. Guests are recommended to wear high-factor sunscreen, insect repellent and comfortable shoes. Depending on the exchange rate on the day of the tour, a fee of US\$5-US\$8 will be payable by guests wishing to use video equipment (including mobile phones) at the archaeological site. The site does not permit the use of tripods, professional video equipment or flash photography. The tour also involves an approx. 5-minute walk between the car park and the entrance of Kohunlich.

CMY26 - GLASS-BOTTOMED BOAT & SNORKEL TOUR

With the iridescent waters of the Caribbean Sea beneath you and panoramic views to soothe the eye, you'll sail to the reef location. After taking some time to get acquainted with the teeming wildlife through the boat's glass underbelly, you can - if you want - take to the water itself to meet and greet the reef's colourful inhabitants.
