### GER01 - MOUNTAIN ROADS UP TO DALSNIBBA

**SCENIC ROUTE**

Thanks to their outstanding beauty, both the village of Geiranger and the valley are among the most popular holiday resorts in Norway. The route to Mount Dalsnibba will take you up the Oplenske Valley, travelling along the beautiful mountain roads and through rural farmland to reach Djupvatn. You will then begin your ascent to the top of Mount Dalsnibba, which at 1.500 metres above sea level affords spectacular views of the surrounding countryside. Have your camera ready to capture the amazing mountainscapes, glaciers and lakes on film and create memories for posterity. There will be time for a short stop at Djupvatn mountain lodge where you have the possibility to browse the gift shop or buy some refreshments. Please note: this tour is not available on May calls. If the road to Dalsnibba closes due to the roadwork needed, the tour will go via the Eagle Road and stop at the viewpoint at the top. Wheelchair users must be accompanied by a paying helper to provide assistance with getting on and off the coach; wheelchairs must be collapsible/foldable since the coach has neither a ramp nor a lift. Wheelchair users wishing to take part in this are requested to contact the Shore Excursions' Desk promptly once they are on board so that arrangements can be made. Djupvatn mountain lodge is not wheelchair-friendly. This tour may have multiple departures throughout the stay in port of the ship. ### GER04 - GEIRANGERFJORD BY RIB BOAT

**ACTIVE & ADVENTURE**

Start the tour with a short walk from the tender pier in Geiranger to board a RIB boat (a safe, rigid inflatable boat) to begin our journey around the magnificent Geirangerfjord, a UNESCO World Heritage Site. You will be able to enjoy the true splendour of the unique fjord landscape from the water as we admire the many waterfalls and stunning picture-postcard Nordic landscape. The boat will take you to the end of the Geirangerfjord and all the way to Oaldsbygda; we will sail close to the waterfalls and enjoy great views of the fjord farm where the people of the Geirangerfjord lived and worked a hundred years ago. Have your cameras at the ready, as the RIB-boat will make short stops during the tour at different scenic spots so you can take pictures without leaving the boat. This excursion makes for a really special way to discover the delights of this marvellous fjord from a new and unique perspective. Please note: all participants will receive insulated rain and windproof suits. The captain of the boat will offer a guided commentary during the tour in English. This tour is not suitable for children aged less than 6 years or for guests with health problems. This tour may have multiple departures throughout the stay in port of the ship. SCENIC ROUTE

Spend a day off the ship to explore and enjoy Norway's spectacular natural scenery on this coach-based tour. On leaving the port in Hellesylt, the first leg of the tour will take you to Hornindal Lake, the deepest lake in Europe at 514 metres and a place of outstanding natural beauty. Next up is the little village of Stryn, which sits pretty on the banks of Nordfjord, after which the route will take you over the Stryn mountains, passing waterfalls and lakes as you climb to an elevation of 1,500 metres above mean sea level to reach Mount Dalsnibba. This is a great spot for taking photos as it affords magnificent views over the amazing Geirangerfjord, which stretches along a length of some 15 kilometres and is a UNESCO World Heritage Site. After a short stop to savour the moment, you will then begin your descent back to Geiranger with more breathtaking vistas of the valley to enjoy at the famous Flydal viewpoint. This all-day tour includes lunch in a local restaurant and will come to a close with your return to Geiranger and your ship. ACTIVE &  
ADVENTURE

A day of scenic splendour awaits you on this enjoyable tour, which begins with a drive from Hellesylt through Norway's verdant valley farmlands, with steep mountains rising to one side and the glittering fjords to the other. Continuing along the shores of the beautiful Lake Olden, you will then reach Briksdal Mountain Lodge, your "base camp" for the subsequent hike. A 1.5-hour walk will then give you plenty of opportunity to get up close and personal with Mother Nature as you head for the spectacular Briksdal Glacier, an arm of the Jostedal Glacier - the largest in the whole of continental Europe. The hearty appetite you will have worked up walking through the fresh mountain air will then be rewarded by an equally hearty and typically Norwegian lunch. ### GER05 - SCENIC GEIRANGER

SCENIC ROUTE

Our tour begins along the fjord before ascending the mountain in spectacular style, via a series of 11 hairpin bends. At the uppermost "Eagle"'s Bend", we will stop to enjoy the fantastic view below: in the distance you can see traditional old farms, stubbornly clinging to narrow shelves high above the fjord. For generations, families were able to make a living in these high pastures and today great efforts are being made to restore and preserve this historic way of life. We return via the same road, which was completed in 1952, passing several farms, some of which are over 200 years old. Drive through the village of Geiranger, passing the famous octagonal wooden church, which was built in 1842, before heading for the Flydal Gorge viewpoint. You may well recognize the view here, as it is often used in advertising as a typical example of Norway's beautiful fjords. We will have time to enjoy the fabulous view and photograph our ship on the water before we return downhill once more. Please note: Wheelchair users must be accompanied by a paying helper to provide assistance with getting on and off the coach; wheelchairs must be collapsible/foldable since the coach has neither a ramp nor a lift. Wheelchair users wishing to take part in this are requested to contact the Shore Excursions' Desk promptly once they are on board so that arrangements can be made. ### GER06 - NORWEGIAN FJORD CENTRE & SCENIC GEIRANGER

SCENIC ROUTE

The Geirangerfjord is undoubtedly one of Norway's most fascinating sights. The mountains tower overhead on both sides and we will pass several waterfalls with stories to their names such as the "Suitor", the "Bridal Veil" and the "Seven Sisters". Our tour begins along the fjord before ascending the mountain in spectacular style, via a series of 11 hairpin bends. At the uppermost, "Eagle"'s Bend", we will stop to enjoy the fantastic view below: in the distance you can see traditional old farms, stubbornly clinging to narrow shelves high above the fjord. For generations, families were able to make a living in these high pastures and today great efforts are being made to restore and preserve this historic way of life. We return via the same road, which was completed in 1952 passing several farms, some of which are over 200 years old. Ascending the Geiranger road that links the district with eastern Norway during the summer months, we pass several hotels before reaching the Norwegian Fjord Centre. The Centre provides both information and an experience: visitors can study exhibitions on themes such as nature, culture and history whilst gaining insight into life on the inaccessible farms that cling to the sheer mountainsides around the fjord. Very well presented, the display comes alive with sound and images. A simulated avalanche even provides a graphic demonstration of the forces of nature at their most impressive. After the visit, we head uphill to the famous Flydal Gorge viewpoint, passing several camping sites on the way. From here, you can admire the fabulous panorama and photograph our ship down on the fjord before we return downhill once more. Please note: Wheelchair users must be accompanied by a paying helper to provide assistance with getting on and off the coach; wheelchairs must be collapsible/foldable since the coach has neither a ramp nor a lift. Wheelchair users wishing to take part in this are requested to contact the Shore Excursions' Desk promptly once they are on board so that arrangements can be made. ### GERBK2 - SKY VIEW RIDE TO GEIRANGER

BIKETOUR

Fjords, lakes and mountains are the constant inspiring backdrop to this high-altitude cycle ride. Having collected your bike from the guide at the floating pier, you'll follow the trail from the port directly uphill on a minor mountain road past Geiranger Church and up to the famous Flydalsjuvet viewpoint. The stunning views here will quite literally take your breath away, with snow-capped peaks ahead of you and a mountain river babbling beside you as you make your way ever higher. Reaching the Dallen Hut by the mountain lake at 1030 m above sea level, you'll discover a fabulous place for a relaxing break. But if you're really aiming for the skies, you can climb on all the way up to the Dalsnibba observation platform at 1500 metres Europe's highest fjord view by road.
